

PURPOSE

We provide support, resources, education and training to connect the simulation community of practice with a focus on people, professional practice, profile, sustainability.

VISION

Empowering the Simulation Community

GOALS

Four goals will drive the realisation of our vision:

- 1. PEOPLE:** Empower and support those working in simulation
- 2. PROFESSIONAL PRACTICE:** Develop and enhance professional practice
- 3. PROFILE:** Become a peak organisation for simulation in Victoria
- 4. SUSTAINABILITY:** Grow sustainable revenue

STRATEGIC PLAN 2018 – 2020

KEY DIRECTIONS

PEOPLE

Empower and support those working in simulation

- Increase memberships and benefits to members.
- Facilitate multidirectional communication and sharing within the membership.
- Recognise and support simulation sub-groups within our community.
- Support the awareness of quality simulation standards.

PROFESSIONAL PRACTICE

Develop and enhance professional practice

- Identify the needs of members and the broader simulation community.
- Build simulation capability through ongoing professional development.
- Foster scholarship, research and innovation.
- Support the awareness of quality simulation standards.

PROFILE

Become a peak organisation for simulation in Victoria

- Promote the VSA through effective marketing strategies.
- Develop a valued presence in the simulation Community of Practice.
- Engage with government and other simulation groups and organisations.

SUSTAINABILITY

Grow sustainable revenue

- Establish sound financial systems and practices.
- Increase revenue streams.
- Leverage state and national strategic opportunities.
- Identify, manage and mitigate risk.
